Portfolio:

Personal Profile

With over 20 years of experience in various fields including, healthcare industry, UN organizations, higher education, and information technology sector, I have developed a strong work ethic and a keen sense of interpersonal skills. My responsibilities throughout my career have included content management, database maintenance, and producing relevant reports. My passion for programming and development led me to explore website design and content management system development for clients, providing support and training for staff, and liaising with relevant parties.

To further enhance my skills and stay up to date with the latest technological advancements, I completed a software development bootcamp offered by JustIT. This experience, coupled with my domain knowledge in the sectors I have worked in, has enabled me to become an asset to any team I work with. As a leader, I have honed my communication skills, allowing me to effectively communicate with colleagues and superiors alike, making me a well-rounded professional with a diverse skillset.
